E-BOOK - PROJECT DASHBOARD SHAREPOINT

Do you use excel or some other tool (like sharepoint). Looking to use SharePoint to create and share a business dashboard? Please check the screenshot for better understanding . . . I have been working with Project Server for nearly five years since 2007 for a Microsoft Gold Certified Partner in the UK, I have also been awarded with the Microsoft Community Contributor Award 2011. I am a Project Server and SharePoint consultant but my main focus currently is around Project Server. This hands-on, lab-intensive SharePoint project management training course will help guide you through a real-world approach to managing projects and project information with SharePoint. By using the Project dashboard

Here's an easy way to build one in Excel and display it on a SharePoint page. How to create a simple PMO portal in SharePoint. This is how a finished project dashboard might. To create a dashboards in SharePoint 2010, you would use the newly integrated part of the SharePoint Server 2010 Enterprise called PerformancePoint.

This is the second in the set of 3 TFS 2010 feature posts around project management. Kidding aside (although I'm convinced it's true), dashboards are visual reporting tools that allow management or customers to efficiently see and analyze key project metrics. The Project Portfolio Dashboard apps announced last fall are now available in the Apple and Office app stores! I've been playing around with the project timeline that comes in the out of the box template when you create a project site. Do you want to know the secret in getting promoted at work?
